

TIMEXPERT WHITE

THE PERFECTION OF CLEAR,
UNIFORM AND LUMINOUS SKIN.

GERMAINE DE CAPUCCINI

TIMEXPERT WHITE THE PERFECTION OF CLEAR, UNIFORM AND LUMINOUS SKIN.

Timexpert White, is the anti-ageing treatment line capable of preventing, regulating and correcting the appearance of darkspots. Created especially for skin with hyperpigmentation and dull.

Darkspots are a visible and permanent sign of ageing, like wrinkles and lack of firmness. They appear on the skin for several reasons: genetic, UV rays, etc.

With **Timexpert White** darkspots gradually fade away and reduce their number, size and intensity. The skin becomes clearer, more luminous and its tone is unified.

ADVANCED WHITENING TECHNOLOGY

Timexpert White includes the innovative and effective **Melanolight Process** technology, an exclusive, unprecedented improvement of Germaine de Capuccini's laboratories that combines a group of natural* ingredients for treating hyperpigmentation: it works intensely before, during and after their formation.

BEFORE. Prevents the appearance of darkspots, blocking the melanogenesis process.

DURING. Regulates the appearance of the darkspot, reducing the production of melanin.

AFTER. Corrects the intensity of the darkspot, renewing the skin's surface.

**Wild Bellis Perennis extract: Liquorice Derivative, Vitamin C (VC-IP) Derivative, Opuntia Flower Extract and Liquorice Root Extract.*

The **TIMEXPERT WHITE** treatment begins in booth

ADVANCED SPOT CORRECTION PROGRAMME

Stop hyperpigmentation with the **Timexpert White** Advanced Spot Correction Programme, the in-booth treatment that effectively minimises darkspots and controls their appearance.

A true supply of luminosity and uniformity for your skin.

Surprising results in just two months*:

THEIR OPINION:	% OPINION
Reduction of hyperpigmentation size	90,48%
Reduction of hyperpigmentation colouring	90,48%
Increase of facial luminosity	100%

* Test carried out on 21 people between 27 and 55 years of age.

The TIMEXPERT WHITE treatment continues at home

POWER LIGHT

Booster Generator of Light and Youthfulness

A true cosmetic jewel capable of reaching the youthfulness of the face through luminosity, clarity and transparency.

A prodigious generator of “new light” inside the skin thanks to its cellular detoxifying capacity. Smooths the skin’s micro-relief, the dermis recovers firmness and skin dyschromias are faded.

All of this is possible thanks to the original **Triple Light Action**:

1. Detoxifies the cells and smoothes the skin’s relief thanks to the **D-Tox-Cell** ingredient.
2. Compensates the lack of glow thanks to the microspheres that contain tiny luminescent diamond hearts.
3. Regulates hyperpigmentation due to the action of the **Wheat Bran Extract**.

Results of incredible light and beauty on the skin*:

THEIR OPINION:	% OPINION
More luminous and radiant	93,3%
More uniform	76,7%

* Self-evaluation test carried out on 30 volunteers between 31 and 58 years of age that have used POWER LIGHT with their usual treatment cream for one month.

SPOT CORRECTION CREAM SPF 20

A treatment with a rich, melting texture that balances the skin's tone and minimises hyperpigmentation, while maintaining the hydration and suppleness skin needs daily.

It protects against UVA and UVB rays.

Skin is kept extraordinarily uniform, luminous and full of youthfulness.

SPOT CORRECTION INTENSIVE SERUM

A serum with a light, melting texture especially formulated to prevent and correct darkspots and signs of ageing. It makes an effective pigmentation control possible, as it is based on the exclusive **Melanolight Process technology**.

It also favours skin balance and hydration.

Its gentle renewing action discovers luminous, radiant skin.

SPOT DIMINISH

Precision Perfecting Concentrate

Anti-darkspots treatment based on the **Melanolight Process** that, when applied specifically, erases darkspots caused by the sun and ageing on the face, neck, décolletage and hands. The size and intensity of darkspots are visibly reduced, and the skin recovers a more uniform, luminous and youthful appearance.

EXFOLIATING CLARIFYING MILK

Exfoliating milk with a creamy texture and exfoliating capacity that liberates the skin from imperfections and facilitates the elimination of dead cells that contain excess melanin and produce a dull tone.

With high whitening technology. Formulated with glycolic acid encapsulated in cyclodextrins, so its exfoliating action is improved, as it allows a diffusion continued in time and minimises the possibility of irritation.

ANTI-AGEING CLARIFYING CREAM SPF 15

A prodigious treatment that combines the cellular detoxifying effectiveness of **D-Tox-Cell** and **Wheat Bran Extract**, a powerful ingredient, **Wild Edelweiss Flower Extract** with extraordinary antioxidantising, protective and comforting properties.

Thanks to its formula the skin recovers luminosity, clarity and transparency, showing its inner light, as it favours firmness and erases wrinkles. At the same time it is an active anti-ageing defence against the attack of free radicals.

Contains UVA and UVB solar protection.
